

Praise Our God, O people!!!!

This day of 27th November, we are registering the third year in ministry! It is very important moment for us all here at Lugazi! On 26th November on the Lord's Day, we had our thanksgiving celebrations with nine people coming to the Lord! The joy was great, on earth even in heaven for long troubled and tired souls coming back to the Lord in repentance. Today, I am seeing great future for the work in Uganda; many are ready to join the next year as lay ministers.

Praise the Lord, dearly loved in the Lord –it is your prayer that God has honored to bring us this far. God is faithful as the people He called are working in the Kingdom. One of the great things is one of our sisters we preached to in 2003, before we started, is in the Choir today. Many of the people we reached to, three years ago are now good ministers of the Gospel:

- ✚ Mr. Kana Sam: He is aspiring for eldership and the wife is in the Choir
- ✚ Mr. Buga Joel: Active Teacher and the wife is in our outreaching Prayer Group
- ✚ Mr. Mayanja, helping in building and construction activities\

And many others whom I can not mention here gave their testimonies as thanksgiving to God's providence, protection and salvation above all. During giving of testimonies: My wife, Pastor John Ruhinda and I, gave testimonies too. We were overwhelmed as in the midst of these testimonies people gave their lives to the Lord. At

the end nine people came to Lord. We prayed with them and had lunch together in thanksgivings to the Lord.
